

# DARK SIDE HYPNOSIS

Alright, that was great guys I'm um already getting ready for next month. The techniques I've shared with you this month are kind of the classics that you can use right now, and don't worry, we're just getting started, and this is just basic stuff.

Now, make sure you listen to every word on the included audio CD, you should listen to it multiple times. Until you feel you really understand everything we talk about on there.

The information on this CD is absolute dynamite. And honestly, you haven't heard anything yet. What I have planned for you next month is going to blow your mind.

Next month we are going to dig deep into how to get your ex back and relationship and how to handle situations in relationships. Plus, I'm going to give you more word for word scripts that you can use so you will know exactly what to say. So you can memorise these lines and watch them in action, and they're simple to, so you can see the expression of people change before your eyes... PLUS... I'll also be giving you an IN-DEPTH look at three of the majorly advanced Dark Side Hypnosis Techniques: I'll be teaching you one of my absolute favourite techniques and that's called The Eclipse. I'll also be sharing with you The Ground Breaker and The Freeze... and as I said, these are 3 of the majorly advanced Dark Side Hypnosis techniques and they are going to blow your mind.

And as well as that, I'll also going to touch on how to handle if you run into any people who are trying to run NLP, or hypnosis, that kind of thing on you, and how to completely counter strike them and them not know it.

Alright, great stuff guys, I can't wait for next month, it's going to be really good, Anyway thank you so much for being a part of this,

I'm EXTREMELY excited about The Inner Circle. We've spent years out there in the real world testing and perfecting techniques, and they have changed our lives forever, and you can truly be next if you take action...

If haven't taken action yet then do not delay. Go through the Dark Side Hypnosis course and join us every month as we help you change your life. Until then, thank you so much for being a part of

this... I'm really enjoying it, and I already have a huge one planned for next month, alright. Talk soon and we'll see you in 30 days
